

E-Mail Earnings Statements

for Microsoft Dynamics™ GP 9.0 and 10.0**

Automatically E-mail Direct Deposit Earnings Statements from Microsoft Dynamics™ GP

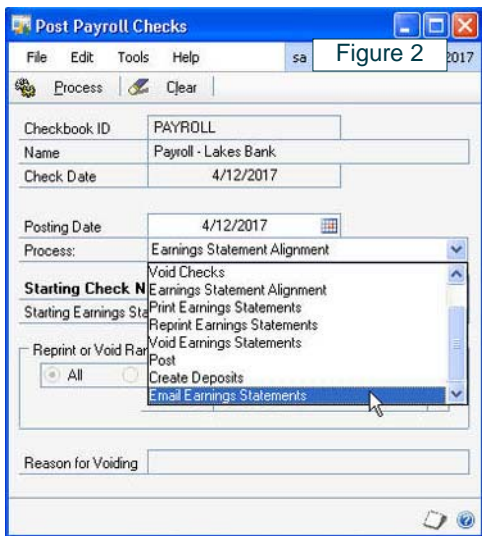

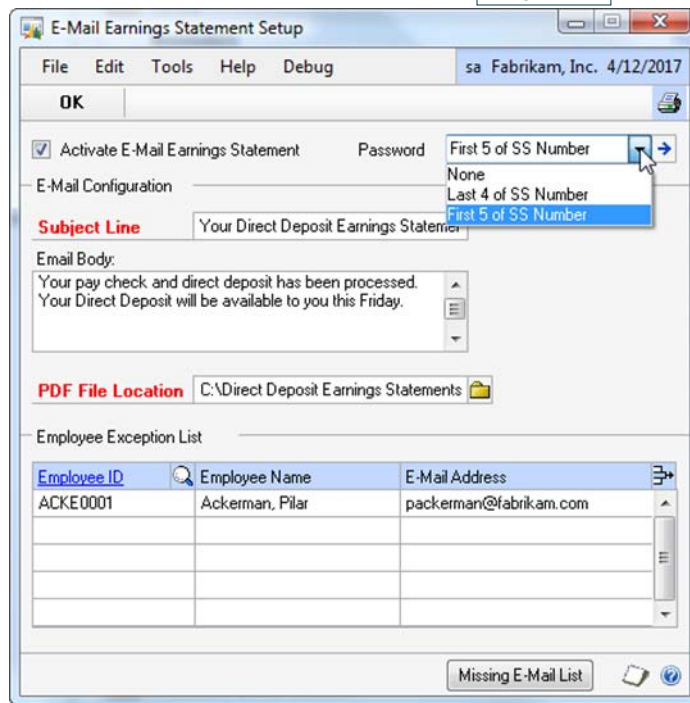

How much time do you spend preparing and delivering employee direct deposit statements?

With **E-Mail Earnings Statements**, you can automatically e-mail direct deposit earnings statements to your employees from Microsoft Dynamics™ GP. Employees who do not wish to receive E-mail earnings statements can be added to an exception list. (See *Figure 1*)

Do you want to improve employee communication and satisfaction?

Would you like to be able to include announcements and information in the body of your earnings statements e-mails?

Figure 1

Would it be valuable to you to have an E-mail Earnings Statements option in the Post Payroll Check window?

This creates only a few additional steps as you process payroll, but saves you time and money by not having to print and manually distribute the earnings statements. (See *Figure 2*)

Is security important to you?

E-mail Earnings Statements allows your employees to view their direct deposit earnings statements as an encrypted Adobe PDF document within their e-mail inbox, without having to log onto a web portal. (See *Figure 3*)
