

E-mail W-2s Statements

for Microsoft Dynamics® GP 9.0 and 10.0**

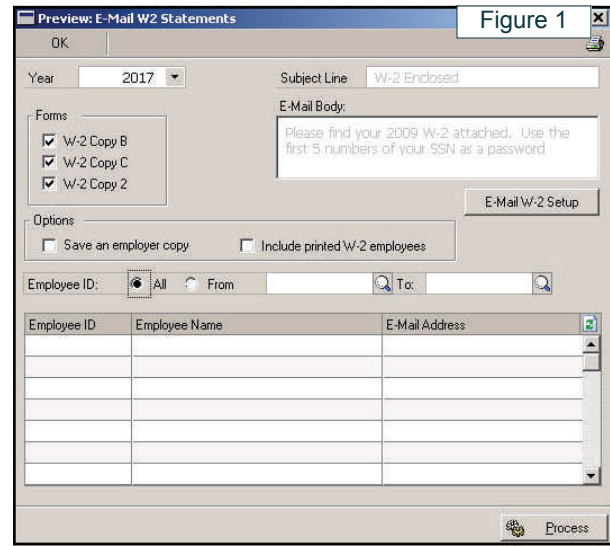

Automatically E-mail W-2 Statements from Microsoft Dynamics® GP Payroll

How much time do you spend preparing and delivering employee W-2s at year-end?

With **E-mail W-2 Statements**, you can automatically e-mail secure/encrypted W-2 statements to your employees from Microsoft Dynamics® GP (Figure 1). When considering the cost of W-2 forms and envelopes and the time it takes to stuff and mail the envelopes, it could cost an organization with 400 employees about \$514 annually to complete this process.

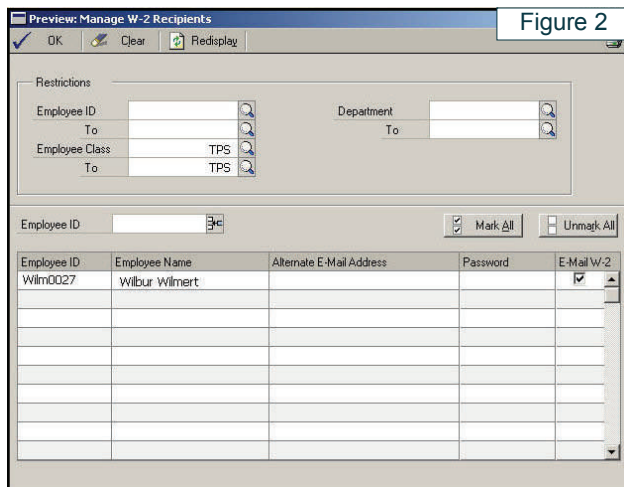

Do you want to improve employee communication and satisfaction?

Would you like to be able to include announcements and information in the body of your W-2 e-mails?

Would you like to be able to specify which employees will receive E-mailed W-2s?

The Manage W-2 Recipients window allows you to designate which employees will receive their E-mail W-2 Statements as well as enter password overrides (Figure 2).

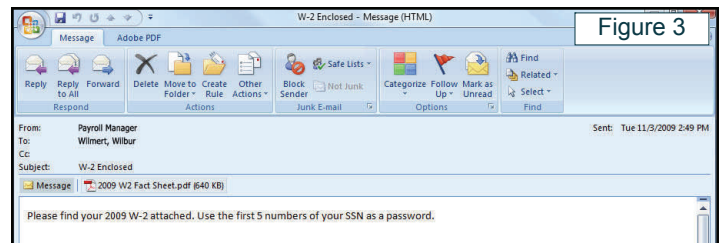

Do you ever need to go back and re-issue an employee's W-2 statement?

E-mail W-2s, you offer an optional archiving feature that will store employee W-2s in the event that a re-issue is required.

Is security important to you?

E-mail W-2 Statements allows your employees to view their W-2 statements as an encrypted Adobe PDF document within their e-mail inbox, without having to log onto a web portal (Figure 3).
