SERVICE

### A proven, turn-key solution for your ACA reporting requirements

Tired of handling ACA employer reporting for the IRS? We can help.

We get it: staying up to date and accurate on all your ACA reporting requirements is time-consuming and frankly, not the job you may have signed up for, let alone enjoy.

As ACA experts that have been in this business since the very beginning, we are uniquely prepared to assist you with these requirements. Regardless of your payroll or ERP system, we can take this task out of your hands, freeing up your time and energy. Outsource your ACA reporting to us so you can focus on the job you did sign up for, the things you do enjoy.

“

"When we first discovered all that was going to be involved in reporting data for the Affordable Care Act... Integrity Data was the most knowledgeable and the most affordable."

Belinda Kornack  
Director of Human Resources  
Summit Dental Consulting  
Eau Claire, WI

### Convenient

You securely send us your payroll and enrollment data, we do the rest.

### Proven & Reliable

We've been immersed in the ACA business since 2012 and have helped more than a thousand companies maintain compliance successfully.

### Comprehensive

We will do all of it for you: Manage year-end ACA compliance reporting requirements for the IRS, track variable-hour employees and continuously maintain penalty risk management.

### Affordable

We help you avoid the stiff penalties the IRS imposes for lack of compliance. And, since we do the work for you, you don't have to hire internal personnel or pay for costly audits.
