9 Creative Ways Microsoft Dynamics is Helping Businesses Pivot During Crisis

Working remotely is only the tip of the iceberg. During these uncertain times, many businesses realize that they need to do a complete pivot.

Your Microsoft Dynamics system can help your team manage unexpected challenges. For example, protecting cash flow, automating workflows, offering self-service options for customers, empowering remote workers, and more.

[In this eBook](#), we share how organizations are relying on their Microsoft Dynamics Partner to help them meet the challenges and build creatively on opportunities

presented in this changing business environment.

Community User Group Summit NA goes virtual!

Dynamic Communities announced at the end of July that they are taking User Group Summit VIRTUAL this October. As long-time sponsors of this event, Integrity Data will have a presence this year and hope that you will be in attendance!

Why Summit?

User Group Summit is a wonderful way to engage with other Dynamics GP users, find solutions to problems you've encountered and attend some great educational sessions.

In fact, our new guy, Danny, is going to be co-presenting a [session on Power BI Reporting and GP Payroll!](#)

Check it Out

[Reach out](#) if you have any questions or would like more information on any of the topics in this month's newsletter.

Our team hopes that you are staying well and safe. As always, we're just a phone call or email away. Let me know if there is anything we can do to improve your experiences in Microsoft Dynamics GP Payroll.

Have a wonderful day,
Dan Doolin
