

Integrity Data HRP delivers a complete payroll and HR ecosystem built natively for Microsoft Dynamics 365 Business Central, that scales with you to meet your organization's needs.

With Payroll NOW at the core, the HRP tech stack expands to cover every stage of the employee lifecycle, from hire to retire.

PAYROLL NOW

HR ESSENTIALS

Core HR tools for Business Central to manage your people from hire to retire.

- Applicant Tracking: recruit, track and manage applicants online from the solution
- Onboarding documents are sent, tracked, and signed digitally. No more piles of paperwork
- Digital Personnel Records: all records are stored securely in the Microsoft Azure Cloud

HR FULL LIFECYCLE

Everything in HR Essentials, plus tools to manage employees throughout their tenure.

- Benefits administration and enrollment
- Certifications & Licenses tracking with expiration alerts
- Performance Reviews

TIME MANAGEMENT

Streamlines time tracking, scheduling, and leave management with mobile access.

- Scheduling, PTO requests, and punch corrections
- Mobile access and geofencing for remote locations
- Direct integration with payroll for accurate pay runs

OUTSOURCED TAX FILING

Hands-off payroll tax compliance across all jurisdictions: federal, state, and local.

- Automates batch processing and filing submissions
- Handles all federal, state, and local tax jurisdictions
- Ensures timely accuracy with expert compliance support
- Reduces administrative burden and penalty risk

OUTSOURCED ACA REPORTING

Full-service ACA compliance from eligibility tracking through IRS submission.

- Tracks eligibility and coverage offers year-round
- Automates IRS form creation, e-filing & employee distribution
- Secure document storage and audit readiness tools
- Manages penalty risk with proactive compliance tools

Payroll NOW is a fully embedded, complete U.S. payroll solution available for Microsoft Dynamics® 365 Business Central. Available on Microsoft AppSource, Payroll NOW delivers all the payroll functionality, efficiencies, and support customers expect, in one solution, on one platform.

TRUSTED

Backed by Integrity Data, a Microsoft Gold Partner with 30 years in payroll & HR solutions for the Dynamics channel.

EMBEDDED

Downloadable from AppSource and seamlessly embedded in Business Central with simple setup wizards and built-in data integrations.

COMPLETE

Full payroll processing + electronic tax filing, ACA compliance, reporting, Solver integration, and more, all in one solution.

SCALABLE

Predictable subscription pricing mirrors Business Central's model. Customers control payroll and scale as they grow.
